2024 HAWAI'I NURSING SCIENTIFIC SYMPOSIUM

CALL FOR ABSTRACTS

About The Symposium

The Hawaii State Center for Nursing is hosting its inaugural Nursing Scientific Symposium. This symposium is an opportunity for nurses from clinical and academic settings to share their original scientific studies (research, EBP, and QI) and programmatic innovations.

Symposium Outcomes

Attendees will be able to:
- Describe scientific studies and programmatic innovations being conducted by nurses across the State of Hawaii.
- Apply knowledge gained at the Symposium to their everyday practice.

ABSTRACT SUBMISSION DETAILS

General Information

- Abstracts may highlight original research, quality improvement projects, evidence-based practice, or programmatic innovations. Projects may be ongoing.
- Submissions from nurses working in all areas including academia, long-term care, public health, and community health are strongly encouraged.
- By submitting an abstract, the individual/team is agreeing that at least one person will register for, attend, and present at the Symposium.
- Presenters are responsible for their own expenses related to attending the Symposium including travel accommodations. Symposium registration is free.
- Presenters will be asked to identify any potential conflict of interest related to the content to be offered (e.g., commercial interest, affiliation with a vendor, and/or receipt of royalties) and affirm that their abstract presentations will not be used to sell a particular product or service. HSCN exerts the right to rescind the acceptance of an abstract due to any conflict of interest discovered after the fact.
- If accepted, a digital copy of your presentation (.ppt) or poster and any other presentation materials, will need to be submitted to the conference planning committee.

Abstract Requirements

- Target Audience - List audience members that might benefit most from your presentation (i.e. clinicians, nursing faculty/educators, nursing leadership, etc.
- Learning Outcome(s) - Provide at least one outcome you expect learners to achieve as a result of attending your presentation. Outcomes should be measurable. See the Revised Bloom's Taxonomy for assistance.
- Elevator Pitch - **Max. 250 characters (with spaces)**. Provide a compelling elevator pitch for your session. Summarize the focus of your presentation telling the audience what they will learn by attending your session.
- Narrative - **Max. 3000 characters (with spaces)**. The narrative should include a description of your scientific study including purpose/need, background, method/procedure, results/outcomes, and implications/conclusions.
- Evidence - Provide a complete reference list for your presentation (APA style).
