

# Hawai'i Culture of Health Leading through a Sense of Place Public Health Nursing Project

---

November 2, 2016

Hawaii Action Coalition Meeting

Gloria Fernandez, DNP

Joan Takamori, MS

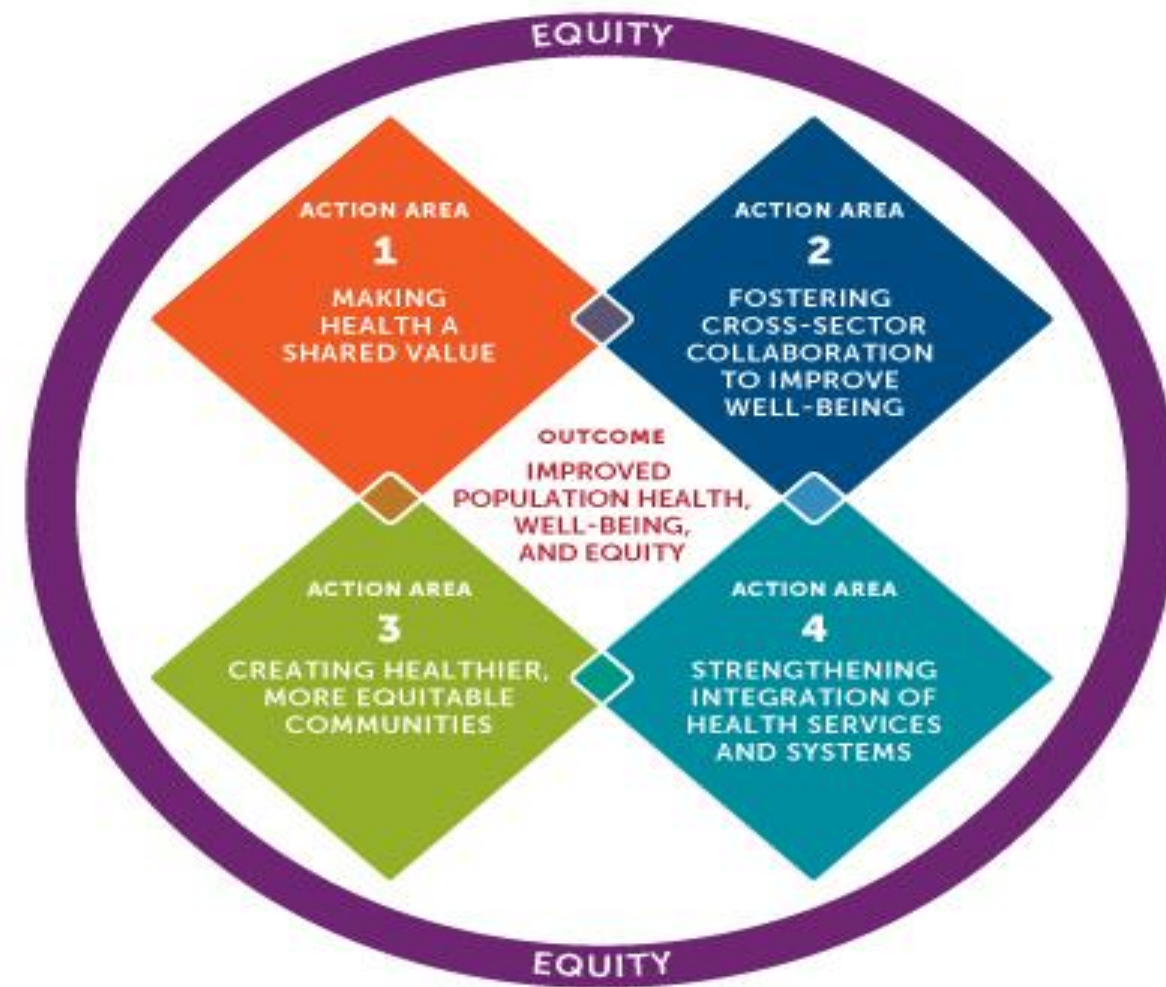

# Sense of Place

---

## No hea mai 'oe?

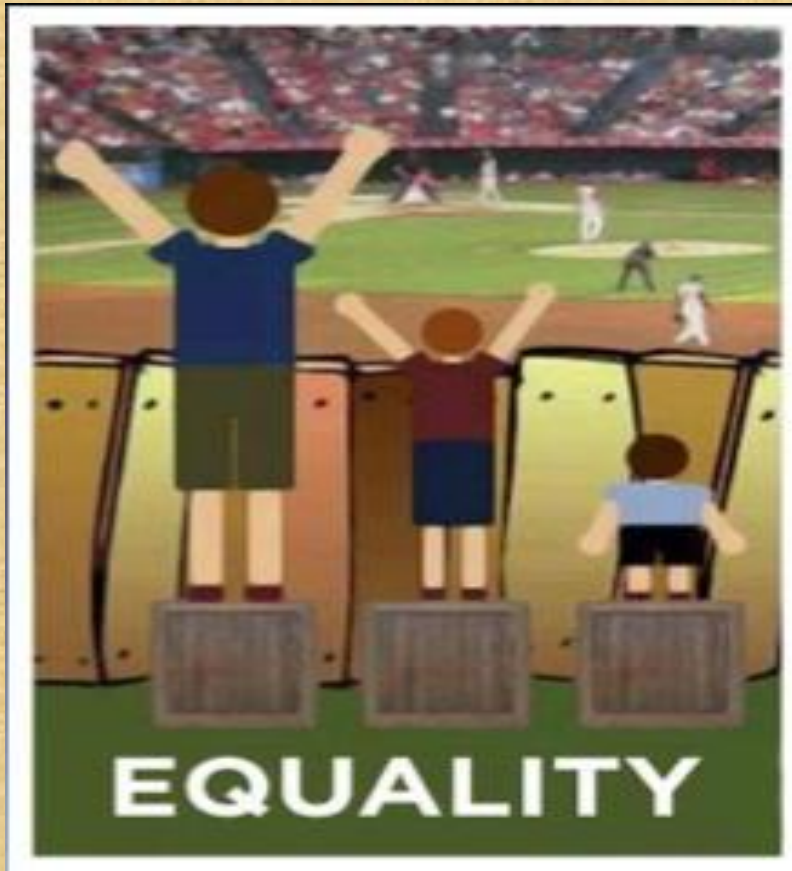

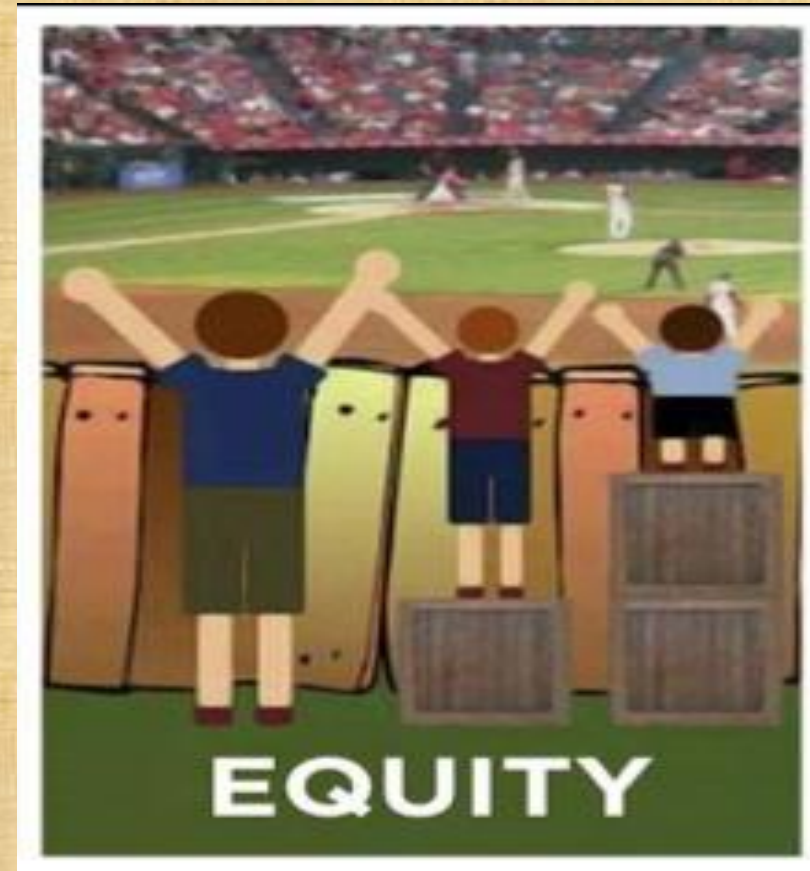

# Equality v. Equity

SAMENESS

FAIRNESS

UNIVERSITY of HAWAII at MĀNOA  
SCHOOL OF NURSING & DENTAL HYGIENE  
*Leadership • Excellence • Innovation*

# Culture of Health Project Academic-Practice Partnership

- Academic:
  - UHM APHN Masters Program, HRSA Grant - Innovative Strategies to Enhance Advance PHN Education and Practice in Hawaii
  - Incorporating Culture of Health into the online APHN curriculum
- Practice:
  - Incorporating Sense of Place into Practice

# Making Health a Shared Value through a Sense of Place ~ Practice

---

- Place: connection between health of land and health of its people
- Culture: mindsets and behaviors of health and well-being held by members of the community
- Community: environmental conditions and practices in the community leading to good health and well-being
- Leadership: exploring as a community different ways to improve the health and wellbeing of the whole place

# Hawai'i Public Health Nursing

---

Public Health Nursing is an expansion of the Department of Health  
into every community statewide

PHNs listen and respond to communities needs  
based on our clinical knowledge and  
relationship with individuals, families and communities
