

2019 LIFELONG LEARNING

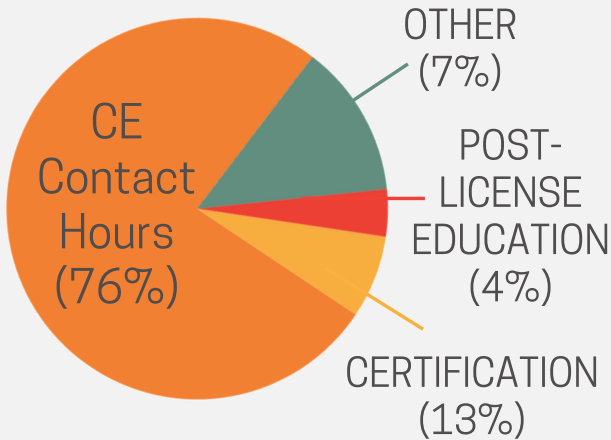

HAWAI'I NURSING WORKFORCE SUPPLY

IOM's Future of Nursing Report (2010)

Recommendation 6: Ensure that nurses engage in lifelong learning.

Accrediting bodies, schools of nursing, health care organizations, and continuing competency educators from multiple health professions should collaborate to ensure that nurses and nursing students and faculty continue their education and engage in lifelong learning to gain the competencies needed to provide care for diverse populations across the lifespan.
