

Active LPN, RN, and APRN Licenses, 2015-2025

The data in these graphs were taken from the Geographic Report of Licenses published by the Professional & Vocational Licensing Division of the Hawai'i Department of Commerce and Consumer Affairs. The original sources for the data contained in the graphs below are available on the [PVL website](#)¹.

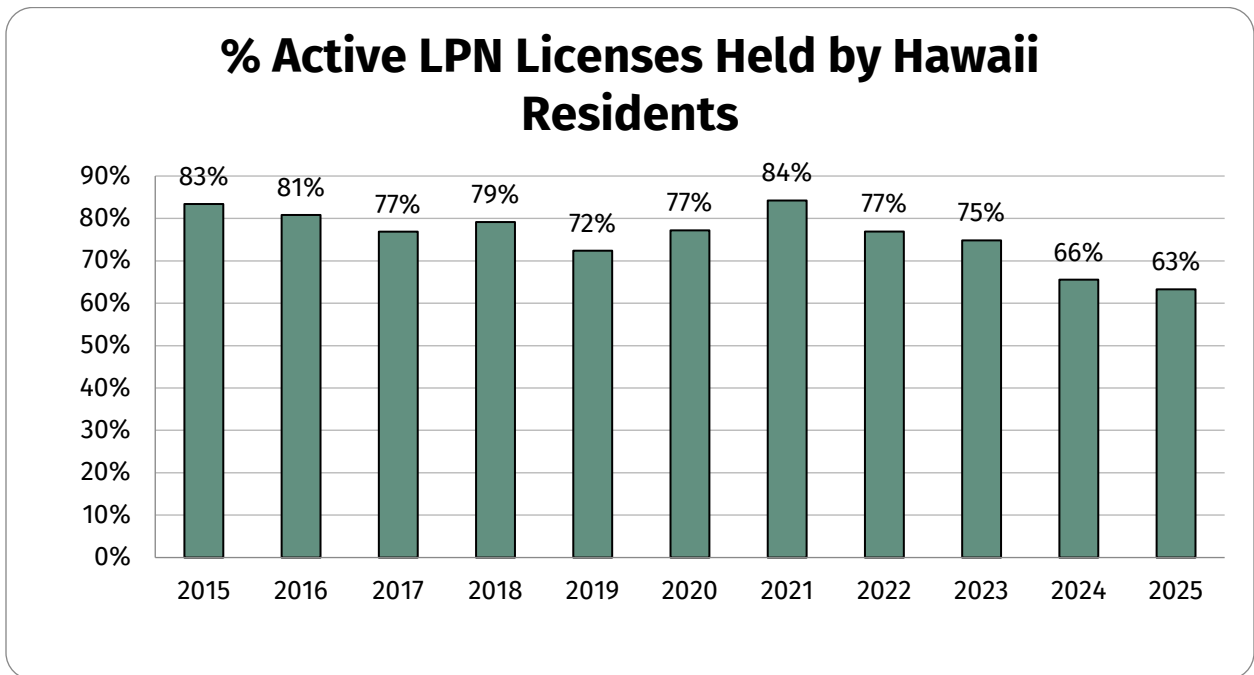

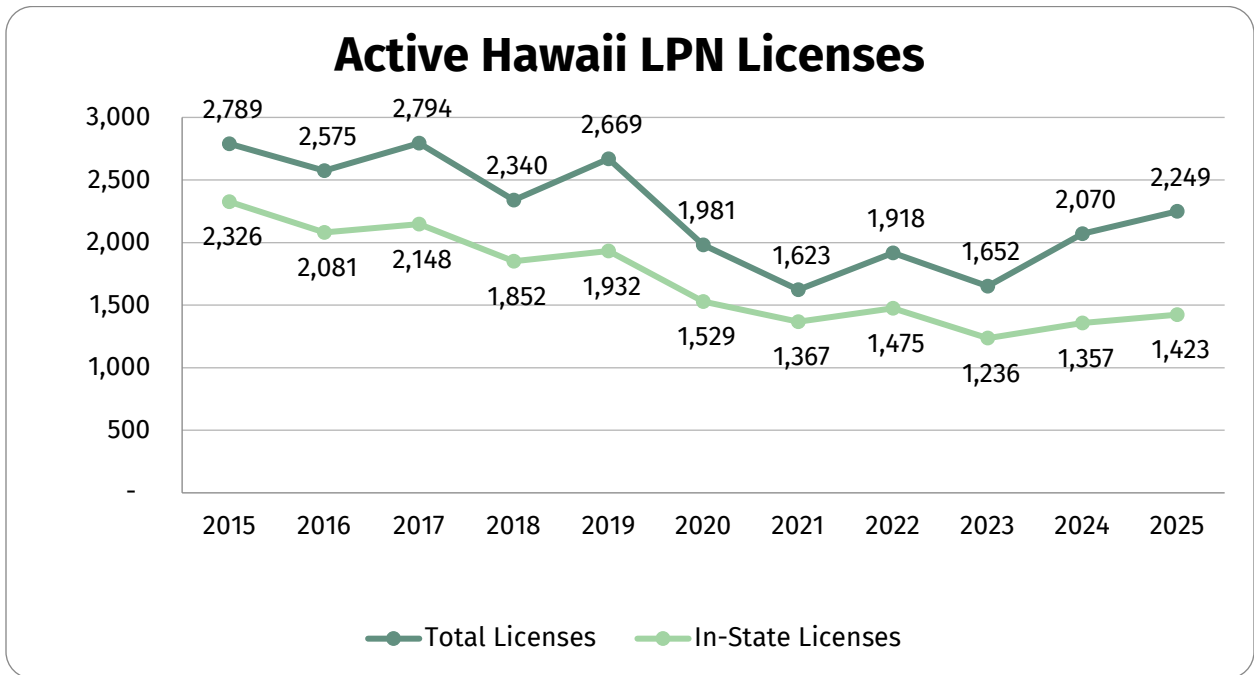

“In-State Licenses” refers to the number of active licenses held by individuals with addresses of record in Hawai'i.

Questions about this report should be directed to hscndata@hawaii.edu.

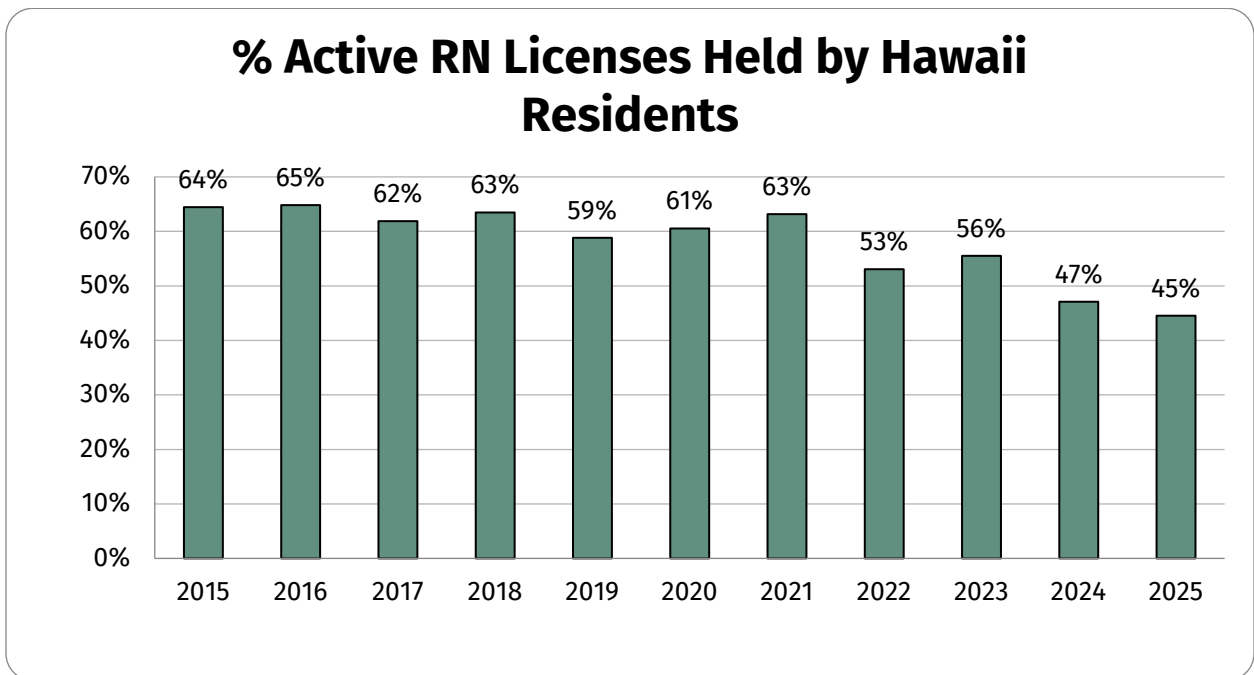

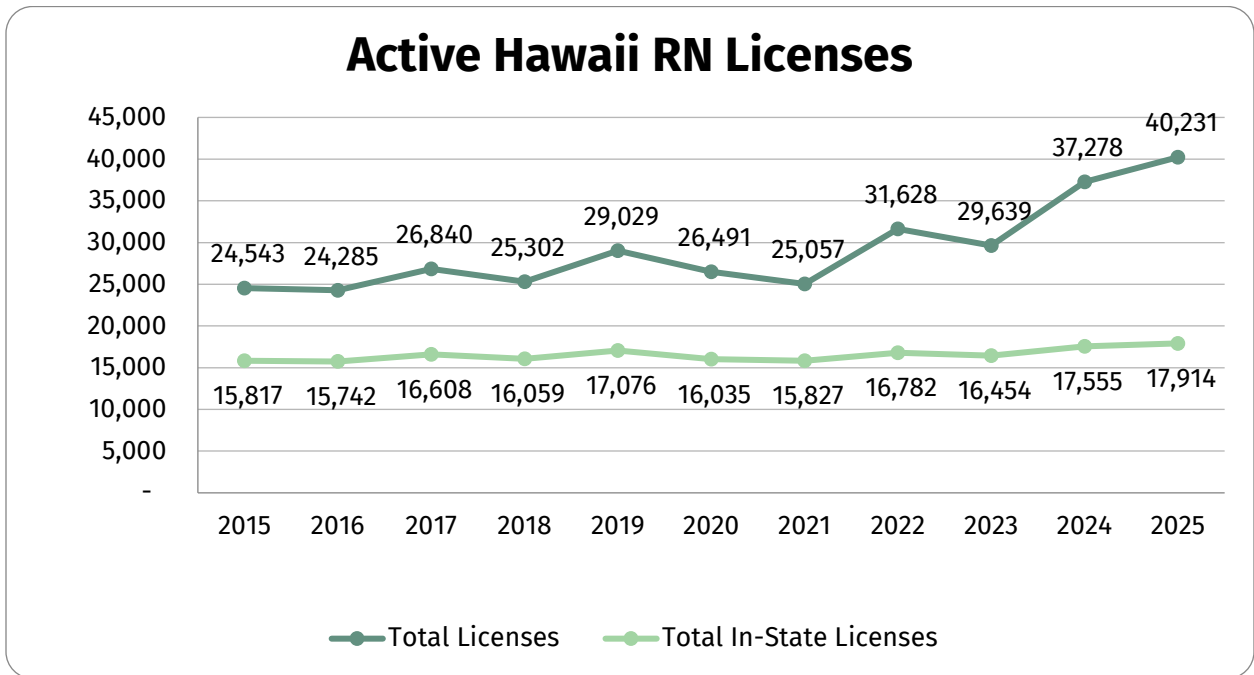

Recommended citation: Hawai'i State Center for Nursing (2025). *Active LPN, RN, and APRN Licenses, 2015-2025*.

¹ The 2025 data were taken from a report published by PVL in March of 2025. A revised report was subsequently published in September of 2025. This report was deemed unusable for the purpose of this report because approximately 25% of records were assigned a geographic category of “unknown.” The March 2025 report has since been removed from PVL’s website and is no longer publicly available.
